Mahadev Building Sector 18, Laxmi Chand Rd, Sarhau, Sector 18, Sarhol, Near DLF CYBER CITY, Haryana 122015,
GURUGRAM, India

Education

Matrusri Engineering College, Hyderabad

2020–2024

B.E. in Computer Science and Engineering (CGPA: 6.57/10)

Hyderabad, Telangana

- **Relevant Courses:** Front-End Development (HTML, CSS, JavaScript, React.js), Data Structures and Algorithms (Java), Problem-Solving Skills

Experience

National Institute of Technology, Srinagar

May 2023 – Jun 2023

Artificial Intelligence and Machine learning Intern

Srinagar, Jammu and Kashmir

- Proficient in data processing and analysis using Pandas library, demonstrating the ability to manipulate large datasets efficiently for AI and ML applications.
- Acquired practical experience in utilizing APIs to gather and integrate diverse data sources, enhancing the scope and quality of machine learning models and algorithms

Indian Institute of Information Technology, Guwahati

Jun 2024 – July 2024

Analysis of Reinforcement Learning Algorithms

Guwahati, India

- **Algorithm Analysis:** Analyzed and compared the performance of various reinforcement learning algorithms, including Q-learning and Deep Q-Networks (DQN), focusing on their convergence properties and practical applications.
- **Snake Game AI Development:** Designed and implemented a Reinforcement Learning agent to autonomously play the classic Snake game, utilizing algorithms like Q-learning and Deep Q Networks (DQN) to optimize gameplay strategy.

MYPROBUDDY, Bangalore

Aug 2024 – Nov 2024

Web Development

Bangalore, India

- **Developed Interactive Web Pages Using Framer:** Created dynamic, responsive, and visually appealing web pages by leveraging Framer's design-to-code capabilities, enhancing user experience and engagement.
- **Collaborated on Web Development Projects:** Worked closely with the design and development teams to integrate modern web design principles and ensure smooth deployment, adhering to best practices in front-end development.

Projects

Text Utility Web Application Using React

- Built a web app for text manipulations (copy, uppercase, summaries) using React and Bootstrap, with dynamic dark/light mode for better usability.

Spotify Clone | HTML, CSS, JS, React, Bootstrap [GitHub](#) [View Here](#)

- Developed a responsive Spotify clone showcasing front-end development skills and Bootstrap for seamless cross-device experience.

Personal Portfolio | HTML, CSS, JS, Bootstrap [View Here](#) [GitHub](#)

- Created a portfolio website with modern design principles to showcase projects, skills, and accomplishments.

Technical Skills

Programming Languages: Java, JavaScript, Python, C, SQL

Web Development: HTML, CSS, Bootstrap, TailwindCSS

Skills: Organization, Creativity, Time Management, Communication, Problem-Solving, Teamwork

Languages

English, Hindi, Urdu, Kashmiri:
